

It was a summer full of sport and fun !

We officially kicked off again in May this year with events in South Korea and Finland. These editions were everything we could have wished for and more. What a comeback of the IMGA Masters Games events!

In the coming months, we will publish several interviews and memorable moments we've shared with many of you. On top of that, we're also updating our website to improve the event experience during and after the event. One of the improvements for the website is the publishing of photo galleries of all the events and sports competitions.

Did you join us this year and do you want to relive the undescrivable feeling? Or are you thinking about joining next time and you want to see what it would be like? Watch the aftermovies via the link below on our IMGAtv channel on Youtube.
